## Welcome to your new train timetable

We are entering into an exciting new phase in the transformation of Scotland's railway. For the past few years we have been carrying out improvement works that will allow us to start delivering new trains and products that will change the way people travel. The faster, longer, greener electric trains that start running from Autumn 2017 will mean faster journeys and more seats than ever before. They also allow us to move around our existing fleet, meaning we can run more services and deliver more seats in more parts of the country. We call this our Revolution in Rail.

Smartcards, our new way of buying tickets, are now available everywhere. They take the hassle out of travelling – making it quicker and easier to complete your journey every single day. Find out more about our work to transform Scotland's railway at [www.scotrail.co.uk/every-single-day](http://www.scotrail.co.uk/every-single-day)
